

"Ah sis, that whoo pee cushion trick is so old!"

HARRY POTTER'S DOUBLE?

VIENNA

FRIDAY 22 AUGUST

OMG! Some girls just have all the luck! And Nicola Breytenbach, South Africa's own supermodel, is one of them... Nicola started her modelling career 13 years ago, when her mom's hairdresser spotted her undeniable talent. Now Nicola lives in New York, just married überwealthy Ben Steiner in a lavish ceremony in St Tropez, and to end it all off, Ben took her on a romantic honeymoon in France. But that's not all... She gets to go on shopping sprees on 5th Avenue whenever she feels like it, or she could just hang out with her younger brother Ian at the fair in Vienna! Yup, we'll admit it... We are jealous! Ah, the life of a supermodel! Hmmm, come to think of it, we haven't been to our moms' hairdressers lately! Every girl can dream...

"Any minute now, and the laser beam will strike!"

NICOLA HOLDS ON FOR DEAR LIFE!
