# NICOLA Parties In Cape Town

**I**t's always nice to see our favourite local stars back home – even if it is for a short while. And when it comes to supermodel Nicola Breytenbach, who is making a name for herself in New York (and making us proudly South African in the process), we're always interested – how can you not be, she's absolutely gorgeous! Recently, the star was seen hitting the dance floor at Fashion TV Café in Cape Town, with *Survivor SA* contestant Danielle Vukic – and by the look of things, it was quite a party. The event was thrown by Max Models and Publicity Works (Nicola's agency) especially for her, as a welcome. Nicola will be in Cape Town doing shoots over the next few weeks.
